

LANDS SAVED FOR OKLAHOMA

How Secretary Hitchcock Checked Legislation Which He Deemed Injurious.

LEARNED OF AMENDMENT

Promptly Sent Letters and Telegrams to Both Houses of Congress.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., August 15.—In a statement issued to-day by the Interior Department, the claim is made that through the activity of Secretary Hitchcock and the officials of the department, the statehood bill was being considered by Congress at the recent session, the government, or rather the unborn State of Oklahoma, was saved from a raid of speculators which would have cost it nearly \$2,000,000.

To quote the statement:
"There were about twelve different openings of public lands in Oklahoma, from 1889 to 1901, and in most cases the acts provided that the lands should be open to settlement under the homestead and township laws only, thus excluding mineral interests."

In reserving portions of the various tracts to the territory, Congress did not except mineral lands, so that the territory took all the specified sections, whether mineral or not. The original statehood bill contained no exception of mineral lands in the grants to be made to Oklahoma, though it did except such lands from grants to the State or Arizona.

Secretary Hitchcock's Discovery.
"Early in March, however, Secretary Hitchcock learned that an amendment had been slipped into the statehood bill in the Senate (known as the 'Warren amendment'), by which alleged mineral locations under the Federal mining laws upon Oklahoma school lands would be validated and the new State would have to pick out other lands in the place of those thus lost."

The Interior Department had already examined and reported upon the statehood bill, at the request of the Senate and House committees, but this provision was not in the bill when the report was made. The Secretary, on looking into the matter, reached the conclusion that the claims of the parties who would benefit by the amendment were entirely without merit, and that the whole scheme bore some resemblance to a raid upon the treasury.

"At this time the bill had already been passed by the Senate, with amendments, and had gone back to the House, and there were reports that it might pass the latter body, as amended, at any moment."

Checked the Legislation.
How the secretary sent telegrams and letters to both houses of Congress, giving his view of the situation, is told in detail. Through these efforts and briefs prepared by the Interior Department in answer to briefs submitted by the speculators, the Warren amendment was stricken out of the bill and a substitute, prepared by the department, inserted.

"When the people of Oklahoma were celebrating the passage of the statehood bill," says the statement, "it is probable that they did not know how near the new Commonwealth came to losing some of its most valuable possessions, besides having a blot on its escutcheon from having been made the victim of unscrupulous speculators upon its first entrance into the Union of States."

"The most valuable mineral lands belonging to the Territory are probably those near the town of Cleveland, in Pawnee county.
"One school section alone containing oil and gas is estimated to be worth half a million dollars, and there are others in the immediate vicinity. It is also reported that an oil and gas field is being developed in Kiowa county, near school lands, and there are also rumors of discoveries in Greer and Comanche counties. There are also deposits of cement, gypsum and salt in various parts of the territory, and it has been claimed by prospectors that Beaver county contains considerable deposits of lead, copper and silver. All lands known to contain oil or other minerals will probably be leased soon after the creation of the new State."

TAXES INCREASED.

Senator Clark Did Not Appear Before Equalization Board.

BUTTE, MONT., August 15.—The Board of Equalization yesterday assessed Senator W. A. Clark for \$1,000,000 on his stock in the San Pedro Railroad; \$3,400,000 on his United Verde mine, and raised his bank assessment \$649,000, making an increase of more than \$4,000,000. The Senator had been summoned to appear before the board, but did not respond by agent or otherwise.

GAME OF "SKIN" IN FULL BLAST

Policemen Raid a Barber Shop and Catch Six Negro Gamblers.

CRASHED THROUGH WINDOW

One Man Escapes by Spectacular Leap Through Closed and Curtained Window.

R. J. Taylor, colored, keeps a barber shop at Jefferson and Marshall Streets. But Officers Phil Neils and W. D. Schley, Taylor's business went on in the rear of the building. With this conviction, Officer Neils peeped through the transom in the rear of Taylor's shop about 9 o'clock last night, while his brother officer stood behind him.
Seven negroes were seen playing "skin," a favorite card game of the colored gambler. With a crash of splintering wood and breaking locks, the two policemen made their presence known to those within. As they followed the broken door inside the negroes began to scatter.
One of the "skin" players gave a run and jump from the middle of the room toward the window. The shade was down and so was the window, but it mattered not. The man's body rose gracefully in the air like a black torpedo, and with a shiver of broken glass he carried shade, window, frame and all with his exit.

Turned Off the Lights.
Somebody turned off the lights, but while one officer guarded the door the other ran in front of the window and blocked all escape. The remaining six were gathered in and taken to the Second Police Station. They gave their names as Sam Jones, Grant Harris, John Smith, Lee Jones, David Wade and R. J. Taylor.
Officer Neils says that he has known for some time that Taylor has been running a gambling joint. He raided the place once before, but after some difficulty in finding it, found a large crowd of negroes scattered all about the shop and apparently sleeping soundly. As he had no positive evidence at that time he made no arrests.

EUROPE FRIENDLY TO ALL AMERICANS

Representative Longworth Tells of Trip Abroad and of the Cordiality of Foreigners.

BEEF SCANDAL CAUSED STIR

Thinks, However, That Feeling of Resentment Has Died Out.

REPRESENTATIVE LONGWORTH.

NEW YORK, August 15.—Nicholas Longworth came to town yesterday to confer with James Sherman, chairman of the Republican Congressional Committee, about the outlook for congressional nominations in Ohio, and to see several intimate friends whom he had not seen since his departure for Europe on his honeymoon. He expressed confidence that he would be re-nominated in his Ohio district for the House of Representatives, and Mr. Sherman agreed with him. There has never been any doubt of the election of the nominee from Mr. Longworth's district, because it is normally 16,000 Republican.

"Our trip abroad was very pleasant in every way," Mr. Longworth said. "We saw a great many things of interest and were delighted with the cordiality shown us. I was interested particularly in the House of Commons, in England, and met many of the members on both sides. I did not find any of the anti-American sentiment which some notable Americans have recently discovered on the other side. On the contrary, I found every one extremely friendly to this country. Wherever we went we found only the profoundest respect and admiration for America and everything American. Industrially, they regard us as phenomenal, and politically and socially they have nothing but respect. Our prosperity and capacity for development are amazing to Europeans."

Caused Sensation.
"The beef exposures created a sensation in England, and for a time there was much talk concerning them. But gradually the feeling of resentment died out, and I do not think the incident will have any lasting effect upon the American beef business."
"In Germany and France I heard practically nothing about the exposures. The matter was commented on in the House of Commons, and the government was asked to what use in the army American beef was put. There was much hysterical sentiment, but it calmed down after the action taken by Congress. The belief there is that the evils could and would be remedied by publicity."

Asked about Mr. Bryan's reception in Europe, Mr. Longworth said:
"Mr. Bryan made his fourth of July speech in London, and apropos of this let me say that there was considerable comment over the fact that he read from manuscript. It was a disappointment to me. I had told several persons who were to attend the function that Mr. Bryan would make a spontaneous speech, and they would hear a typical American orator, with the American manner, fervor of speech and free delivery. You can fancy my surprise when he unfolded a manuscript and began to read. It caused much comment at the time."
Mr. Longworth said he would go to Cincinnati in a day or two with Mr. Longworth and remain there until after the Ohio congressional elections.

Verdict for Dr. Pierce. AGAINST THE Ladies' Home Journal.

Sending truth after a lie is an old maxim, but a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1906) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retractions, with its inconspicuous headings, published in the standard and respectable columns of the same paper. It was boldly charged in the slanderous and libelous article that Dr. Pierce's "Favorite Prescription" for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$500,000 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business, furthermore, that no alcohol, or other injurious, or harmful ingredients, are or ever were contained in his "Favorite Prescription," that said medicine contains no harmful ingredients, what ever was said that Mr. Bok's malicious statement was wholly and absolutely false. In the retractions published by said Journal they were forced to acknowledge that they had published a malicious and defamatory article, and that they did not contain alcohol or any of the alleged harmful ingredients. These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retractions, set in small type. The matter was, however, brought before a jury in the Supreme Court of New York State, and the jury rendered a verdict in the Doctor's favor. Thus his slanderers came to grief and their base slanders were refuted.

Aspires to Senate Again.

BUTTE, MONT., August 15.—Former United States Senator Leander B. Hunt yesterday announced his candidacy for United States Senator.

Spanish Queen's Beauty Culture.

The pretty young Spanish Queen has inaugurated a new fashion in manicuring. She lets the nails grow longer than the finger tips. They are long and quite rounding. Often they actually are way beyond the tips of the fingers so that they show white and glistening. This is one of the new fads. Let the nails grow long, but do not cut them pointed. Let them curve in a lovely, delicate, rounding shape.

And there is another fad which the young Queen is introducing into Spain and the Spanish ladies, always quick in these matters, have "caught on." It is the fad for having snow white hands. Almost daily the hands of the pretty little eighteen-year-old Queen are bleached. The materials for bleaching are the juice of lemons and the acid vegetable. She uses strawberries, when she can get them, and tomatoes, lemons and limes. And these keep her hands white and soft and clear all the year round. Since she was sixteen she has been bleaching for the beauty of those lovely milk-white hands.

She said that the young Queen takes milk baths. She has the soft, white Irish skin, and like the pretty girls of the Emerald Isle, she takes milk baths. She washes her face daily in milk, and she allows it to become slightly acid. It is applied to the skin after it has been washed in hot water, and it is allowed to dry on. It soaks into the skin, and when it has penetrated the pores, it is lightly washed off with cold water. There is nothing in all the world that whitens and softens the skin like this course of treatment.—Newark Advertiser.

TEXAS DEMOCRATS ENDORSE BRYAN

Express Unbounded Confidence in Statesmanship and Patriotism of the Nebraskan.

DEFEND SENATOR BAILEY

Demand Law Against Railroad, Passes and Favor Prohibition of Lobbying.

(By Associated Press.)

DALLAS, TEX., August 15.—The Democratic State convention to-day adopted a platform reaffirming the principles of the party, endorsing the administration of Governor Lanham, demanding that the next Legislature enact a law prohibiting lobbying, and favoring a law against railroad passes.

The platform also demands a law prohibiting corporations from contributing to campaign funds, a law defining insolvent corporations, a law compelling telephone companies to transmit each other's messages from common points, and demands amendments compelling corporations to pay in full at least half their capital stock before beginning business. Unbounded confidence in the statesmanship and patriotism of William J. Bryan appears in a resolution, together with the hope of his nomination for President in 1908.

Senators Bailey and Culberson are endorsed, and the former's defended against allegations recently made. Nominations began late to-night.

Republicans Name Grey.

EL PASO, TEX., August 15.—The Republican State convention completed its work by re-electing Cecil Lyon, of Sherman, State chairman, and nominating a State ticket, headed by Dr. Carey A. Grey, of Pannini county, for Governor. The resolutions condemn what is referred to as the wasteful extravagance of the State Democratic administration; commend the Roosevelt administration; condemn nepotism in Texas, and condemn the Texas Congress for opposing the Republican national administration.

NEBRASKA HIGH IN PRAISE OF BRYAN

Resolutions Adopted Declare He Has Become First Citizen of the World.

(By Associated Press.)

LINCOLN, NEB., August 15.—The State Democratic convention to-day adopted a platform which ignored national issues in the main. It bestows unstinted praise upon William J. Bryan, pointing him as the leader of the Democrats of the nation. The resolution says in part:

"We rejoice at the rapid growth in Democratic sentiment throughout the country, and appreciate the compliment bestowed upon the party when its principles and doctrines are boldly appropriated by the few progressive leaders of the Republicans. We watch with interest their efforts to force the party to accept the Democratic doctrine, and we deplore the hopelessness of their task. To their followers, however, we extend a hearty invitation to become Democrats in fact as they are in spirit, and to join the Democratic ranks under the leadership of America's distinguished statesman, William J. Bryan."

"We extend to Mr. Bryan a hearty welcome home. We rejoice that he stands to-day as a conspicuous and central figure in the great moral and political revolution which is now sweeping over the country. While he has become the first citizen of the world, it remains for our State to boast that it gave him political birth and started him upon the highway of fame and usefulness."
Shortly after midnight the Democratic convention nominated A. C. Shallenberger, of Alma, for Governor.

ALMOST HAD RIOT AT OHIO MEETING

Dempsey Delegate Climbed on Platform and Struck Chairman Nobel.

(By Associated Press.)

CINCINNATI, O., August 15.—Riotous proceedings marked the opening of the Hamilton County Democratic Convention to-day, called to select delegates to the State convention. A strong following of Mayor Dempsey, opposed the following of Lewis Bernard, who has for a long time been the local Democratic leader. When Chairman Nobel, of the County Executive Committee, announced that the Advisory Committee had recommended Gideon C. Wilson for temporary chairman, the commotion began. Wilson declared the motion to adopt the recommendation carried, the Dempsey delegation became violent. One of them ascended the platform and struck Nobel. Then utter confusion reigned. Finally a motion to substitute John J. Molloy for Wilson was adopted, and amid confusion a vote was taken. Molloy is the choice of Dempsey's followers.
The vote was—Molloy, 188; Wilson, 132.

NEW YORK FIGHT STILL UNSETTLED

Higgins Scored First on Test of Strength—Platt and Odell Embrace.

(By Associated Press.)

NEW YORK, August 15.—The Republican State Committee to-day voted to call the State convention to be held in Saratoga on September 25th, notwithstanding the expectations that the session would be uneventful, there was a test of the strength of the friends of Governor Higgins and the friends of State Chairman Odell over the election of a temporary chairman for the State convention. The first vote by electing Lieutenant-Governor Lynn Bruce for temporary chairman, but Mr. Odell's friends brought about a reconsideration of that vote and left the matter unsettled.

After the committee adjourned, Mr. Odell and Lieutenant-Governor Bruce had a conference. Senator Platt said afterwards, speaking of Mr. Odell: "I have fallen into his arms, and he has fallen into mine."

TO READ PRESIDENT OUT OF G. O. P. IS PLAIN

Leib's Friends Question Right of Roosevelt to Be Called Republican.

(Special to The Times-Dispatch.)

POTTSVILLE, PA., August 15.—An attempt is being made to read President Roosevelt out of the Republican party. State Senator Charles E. Quail, of this county, intimated as much yesterday. Quail was asked whether ex-United States Treasurer Leib, who was ousted by Roosevelt, would support Republican policies and a Republican President if elected to Congress.

He replied, "Is Roosevelt a Republican?" It was also intimated in other machine quarters that Roosevelt's action in deposing Leib is the reason advanced for questioning his Republicanism.

Senator Quail is championing Leib's election to Congress in face of his dismissal. It is the popular opinion that at the election two years ago, it was Roosevelt's candidacy that pulled Quail through the mire of his own disrepute, owing to his subservience to the machine and to his interest in securing a large sum for a state bridge which leads only to his farm.
